Polyclonal Antibodies to Human Plasma Protein for Immunodepletion

Product Specificity	Format	Host	Unit Size	Catalogue Number	Price (USD)
Fibrinogen, anti-human	Purified	Rabbit	1.0 mg	AI80002	\$200.00
IgA, anti-human	Purified	Rabbit	1.0 mg	AI80004	\$200.00
IgM, anti-human	Purified	Rabbit	1.0 mg	AI80005	\$200.00
Serum albumin, anti-human	Purified	Rabbit	1.0 mg	AI80001	\$200.00
Transferrin, anti-human	Purified	Rabbit	1.0 mg	AI80003	\$200.00

Polyclonal Antibodies to Signal Transduction

Product Specificity	Format	Host	Unit Size	Catalogue Number	Price (USD)
BCL-2	Purified	Rabbit	0.1 mg	AI70003A	\$200.00
	Purified	Rabbit	0.5 mg	AI70003A	\$580.00
Cytosolic K ⁺ Channel-interacting Protein 1 (Kchip1), anti-mouse	Purified	Rabbit	0.1 mg	AI80007	\$200.00
	Purified	Rabbit	0.5 mg	AI80007	\$580.00
Formyl Peptide Receptor Like 1 (FPRL-1) [2 nd extracellular loop], anti-human	Purified	Rabbit	0.1 mg	AI70001A	\$200.00
	Purified	Rabbit	0.5 mg	AI70001A	\$580.00
Formyl Peptide Receptor Like 1 (FPRL-1) [C-terminal], anti-human	Purified	Rabbit	0.1 mg	AI70001B	\$200.00
	Purified	Rabbit	0.5 mg	AI70001B	\$580.00

Janus Kinase 2 (JAK2), anti-human	Purified	Rabbit	0.1 mg	AI80013A	\$200.00
	Purified	Rabbit	0.5 mg	AI80013A	\$580.00
KV4.3, Voltage Gated Potassium Channel, anti-mouse	Purified	Rabbit	0.1 mg	AI80010A	\$200.00
	Purified	Rabbit	0.5 mg	AI80010A	\$580.00
NF-κB-p65	Purified	Rabbit	0.1 mg	AI70006A	\$200.00
	Purified	Rabbit	0.5 mg	AI70006A	\$580.00
Phospho BCL-2 [Thr ⁵⁶]	Purified	Rabbit	0.1 mg	AI70003B	\$200.00

CUSTOM HYBRIDOMA/MONOCLONAL ANTIBODY SERVICES

Anogen offers prompt, efficient custom services to develop hybridomas and monoclonal antibodies at competitive prices. Our antibody screenings are automated, which improves the quality and standardizes the production process. We have more than 1,200 proteins available for use with ELISA, WB, antibody production, assay development, and protein array. We guarantee the clones and resulting monoclonal antibodies are your exclusive property and are held in strict confidence by our personnel.

Protein Expression and Monoclonal Antibody Production		
Cost: Please inquire	Turn around time: 6 months	Clone Ownership: Customer
Customer Responsibility:	Customer provides the conjugated peptide immunogen for immunization and screening (required). Customer provides mammalian cell lysate for screening (optional).	
Anogen Service:	Anogen performs immunization of 2 mice, fusion, screening and initial characterization (ELISA). The customer obtains up to three distinct monoclonal clones and their supernatants from three polyclonal parent wells. More monoclonal clones may be obtained upon request.	
Criteria of success:	The generated Monoclonal antibody will recognize peptide immunogen in an ELISA assay.	
Protein Expression and Monoclonal Antibody Production		
Cost: Please inquire	Turn around time: 6 months	Clone Ownership: Customer
Customer Responsibility:	Customer provides the soluble protein immunogen for immunization and screening (At least 1mg total for 2 mice immunization or 500mg for 1 mouse immunization). Customer provides mammalian cell lysate for screening (optional).	
Anogen Service:	Anogen performs immunization of 2 mice, fusion, screening and initial characterization (Dot Blot/ELISA and WB). The customer obtains up to three distinct monoclonal clones and their supernatants from three polyclonal parent wells. More monoclonal clones may be obtained upon request.	
Criteria of success:	The generated Monoclonal antibody will recognize protein immunogen in an ELISA assay.

Orders

We accept orders by:

- E-mail: info@anogen.ca
- Online: www.anogen.ca/antibodies_orderform.htm
- Fax: (905) 677-0023

Ordering is made quicker by sending us a copy of your Purchase Order (P.O.) or Credit Card information via fax transmissions. We are able to receive faxes 7 days/week, 24 hours/day.

Please include the following information to assist us in quickly processing your order:

- 1) Shipping address and billing address;
- 2) Purchase Order or Credit Card information, if applicable (VISA, MC)
- 3) Product description, catalogue number and clone number (if applicable);
- 4) Size, quantity, and price;
- 5) Any courier account number (if required);
- 6) Expiry Requirements (if applicable)
- 7) Delivery Requirements (if applicable)

Shipments

Products are shipped F.O.B Mississauga, Ontario by air delivery service with freight collect unless otherwise specified by the customer. Customers are responsible for their import duties and taxes. Items shipped with Special Export Documentation will be subject to an additional charge.

Payment Terms

Unless otherwise arranged, payment is due upon receipt of goods. A 1.5% monthly late charge on account balances over 30 days past due will be charged from the date of shipment. All checks returned for insufficient funds are subject to a \$40.00 USD NSF fee.

Returns

Customers experiencing difficulties with the performance, quality, results or any other aspect of the product, are asked to contact Anogen for technical assistance. Due to the nature and sensitivity of the products to external factors such as temperature, contamination and light, Anogen will not, under any circumstances, accept returned products.

If the product is determined by Anogen to have failed, or if the cause of the failure cannot be ruled out as a potential, probable or likely product failure, customers will be provided with the option to receive a replacement product at no charge, a credit, or a refund.

If the product failure is determined to be directly user-related or by conditions resulting from improper use of the product including, but not limited to, contamination, storage conditions, assay procedures, equipment suitability, etc., or if the customer has ordered the product in error and requires a replacement product, no credit will be provided and Anogen will require pre-payment for the replacement product and shipping before it can be shipped.

If a product has been shipped in error, please contact Anogen by calling our toll-free 1-877-755-8324 or at (905) 677-9221.

Shipping

Anogen employs Federal Express (FedEx) courier services for delivery of products. Customers may utilize their unique FedEx account information at any time. Anogen will assume all responsibility associated with the delivery of the product via FedEx including lost, damaged, or otherwise compromised product due to inadequate shipping. The customer may, at their discretion, elect an alternate courier in place of FedEx. If an alternate courier is to be employed, Anogen provides no warranty or guarantee to the fitness or timely delivery of a product that is shipped by any other courier service other than Federal Express. By selecting an alternate courier, the customer assumes full responsibility to delayed, lost, damaged or otherwise compromised product. No return of products shipped via non-approved couriers will be authorized.

Warranty & Limitation of Liability

All of Anogen's products are warranted to perform as described in their associated literature. It is the customer's responsibility to maintain updated copies of the product literature available on the Internet at www.anogen.ca or by contacting an Anogen Customer Service Representative.

This warranty is exclusive and the Supplier makes no other warranty, expressed or implied, including any implied warranty of merchantability or fitness for any particular purpose. Purchaser assumes all risks associated with the modification of products, and is encouraged to investigate the standing regional and governmental regulations and policies as well as potential patent infringements. The Supplier shall not be liable for any incidental, consequential or contingent damages.
